SUBJECT: CAMBODIA--THE MILITARY SITUATION

Khmer Communist forces launched ground attacks against several positions on Kampot City's defense perimeter on March 26 and again yesterday. Although Cambodian Army casualties were light, some of the fighting occurred within a mile of the city. The government commander at Kampot believes that the Communists will try to close the narrow waterway vital to navy resupply operations. Government operations during the past week near Kompong Speu City on Route 4 have enabled over 5,000 civilians to return to government-controlled territory. The situation at Oudong remained unchanged yesterday as government relief forces made no progress. A Mekong River resupply convoy made the run upriver to Phnom Penh without incident yesterday.
